"We stayed for five nights at Anvil Campground and we were very pleased with our stay. Site 43 was perfect for our motorhome and car, well maintained park, clean bathrooms and grounds. Staff was very friendly and helpful with anything we needed. Small store has ice, milk and things you may need. Close to everything but park has pretty trees and level sites. Nice pool and play ground for kids. There is a train that comes through a couple times but you get use to it. We look forward to our next trip to Anvil Campground."

They have your own swing, table with umbrella & firepit. It was awesome & grass for our lil dogs as well. Park down the road called Waller Hill Park was absolutely beautiful. "Whatever shortcomings this campground has are negated by the friendly, positive attitude and professionalism of the owners and the entire staff, including the cleaning team. Also, this is the only campground we have ever visited that has a detailed plan for campers that arrive without a car to use for transportation out of the park. There is a dedicated stop on the Williamsburg bus line and the owners provide detailed information and good advice on the best way to get around and things to do/places to go, even if you do have a car. Also, they pointed out a paved bike/walking path nearby, that led to a local park (Waller Mills Park) located on a reservoir. At the park, you can rent boats, fish or just enjoy the serenity while picnicking at one of the many picnic areas. The restrooms and showers are well designed and are kept extremely clean at all times. The individual sites are small and close together but well maintained, with ample gravel to keep things clean. Some of the sites have concrete patios, upgraded tables with umbrellas, and cooking grills, while they are upgrading others. The interior road is paved and easy to navigate but the paving is a bit rough in spots. Wi-fi and cable TV is excellent, as is the Verizon signal. Water supply seemed fresh and the AC supply was without interruption. There is noise from the nearby road and train line. At night, road noise mostly goes away, but there is an occasional passing train. We did not find the train traffic objectionable and enjoyed watching the few Amtrak trains during the day. Free fresh brewed coffee and a selection of donuts are provided daily when the office opens at 9:00 AM. We enjoyed our stay and took advantage of the bus to Williamsburg and will return again in the future.

“This is a great park for families. It has a wonderful playground, 2 small dog runs, General Store, Arcade, Swimming Pool- that was still open in September. The service is top of the line. They serve donuts on the weekend. Help you plan your trips if you are visiting Williamsburg, Yorktown, and Jamestown (discount tickets available). We had a Premium spot with swing, fire ring, grill, table and patio. Kids enjoyed making smores. ...everyone we met was friendly.”

"We had a premium site and a cottage. This review is on the cottage. It was really nice and bigger than i expected. It had a nice play area in the back for the kid and room to walk the dogs. It was well stocked with everything you need in the kitchen. As far as the bad reviews because of the train. It wasn't really that big of a deal. After the first couple go by you get used to it and can ignore it. The staff was great. I would definitely recommend going."

"We have stayed at Anvil several times over the last 6 years. Every time the staff has been more than helpful. They have made several improvements and we stayed in a deluxe site. Very quiet with everything you need. Highly recommend this place for anyone traveling to Busch Gardens, Williamsburg and the surrounding areas!"

"All we can say is Anvil Campground has the finest staff we have ever met. Our experience was outstanding to say the least. Brandon, Ray, Chris and the entire team made our family including our Lola and Sophia feel welcome. They went the extra mile to help in every way. I will recommend Anvil to all my friends and look forward to returning in the near future.

Just keep doing what you are doing and you will be voted best small RV Park again. You definitely earn that award every day.

Love you guys.....

Fondly,

Dawn and Gerry S."

"The owners were really nice. Cute clean campground with an 80s arcade room that our kids loved. Not too crowded either. The only downside was the train tracks right beside the campground. It came through really early. But I would recommend this campground just because it was so nice, and it's close to Jamestown."

"We stayed a week with our children, grandchildren and good friends, occupying 2 RV sites and two cabins. Anvil Campground is a quiet and well maintained facility. The staff were very friendly and accommodating. Although it is nestled between Mooretown Rd. and the railway, it was surprisingly quiet and we found the occasional trains more of a novelty than a bother. The campgrounds proximity to Colonial Williamsburg, Busch Gardens & Water Country USA make it a great base for camping families who want to enjoy the area's attractions. We would definitely stay here again."

Your facilities were THE CLEANEST I have ever seen! That's saying a lot having been to the likes of KOA, Yogi Bear, & a number of other resort-type campgrounds.
Most importantly, your staff were extremely friendly, courteous, & helpful. Something I don't see a lot of anywhere else.

“We had an amazing weekend at Anvil Campground in Williamsburg, VA. Campground is very clean and well kept. Our group had 3 complete lots together and we had a great ‘backyard’ area. Cute store with necessities, pool, kids playground with zip line, bath houses, arcade room, laundry room, and 2 dog parks. Campground was within 15 minutes of everything we wanted to do (Water Country USA, Busch Gardens, GoApe Ziplining, Capt George’s seafood buffet, and any store you need to go to)! The campground is in between a road and a railroad. Our site backed to the road but there was a tall privacy fence and car noise was very minimal. We loved the train coming through. You can see and hear it throughout the day and it was a highlight for all the kids! (Full campground review [here](#))

"We spent two days at one of the new Apprentice Cabins. They were perfect for three women. The first day was during the awful heat spell that hit the East Coast. I walked into the cabin and the heat almost smacked me down. I went to office to see if anyone could explain how to use the A/C controller. One of the guys jumped up and came with me to turn everything on to make it cozy. And then the rain. The rain. But we were all nice a snug. Bath House was very clean as was all the whole camp ground. There was something for everyone to do. I sat on the big swing outside the office one morning sipping my free coffee, and watched the children roam around from playground to the arcade laughing and enjoying every moment. We definitely will stay here on our next trip to the East,"

“My family and I stayed at anvil campground July 19th-21st the hottest record temperature with 115 heat index and 100% humidity, Our experience was awesome, we rented one of the apprentice cabins (2 rooms, a/c, small fridge, microwave, cable tv, small bar with 3 stools, Queen bed and 2 sets of bunk beds fire pit and picnic table), A train does run by the campground numerous times a day and night (did not bother us at all really), We were located almost directly across from the bath house, which was very nice inside with granite counter tops and tiled showers ...it was great, the pool was right beside the bath house as well, they had a small game room and a nice general store for some of the items you might forget to bring.. Now as far as the customer service, it was exceptional from check in to check out, It was way beyond anything I was expecting, I had only one problem at the campground and that was one of the shower heads was not working well and I let them know and immediately they went and fixed the problem without hesitation, now that's what I call customer service .. I can only rate them a 10 out of 10, but if I could it would be a 20.. We had a wonderful experience and a wonderful time , I highly recommend them we will be going back again, and again, and again, It was very peaceful and very safe even late at night, you will not regret staying at Anvil campground.

“We stayed two nights with friends in motor homes -35' & 38'. Back in sites, gravel sites, fairly level, picnic tables, lighted post for hook ups, dog run, beach area, nice well kept grounds, pool, nice bathhouse and adult relaxing area. Bus stop for Williamsburg and surrounding area at front of campground. Discounted ticket sold at office. Friendly staff. Some road & train noises. Yes, we would stay here again.”

“This was one of the BEST experiences we've had yet at a campground! You honestly won't find a friendlier or more helpful staff who go out of their way to make sure your stay is wonderful. We stayed on the opposite side of the campground from the train, so though we did hear it, it certainly didn't shake our RV or make our stay unpleasant. If

there were only sites next to the train, we'd take one in a minute to be able to stay here! We were only coming through for one night, but now we're seriously considering a longer trip back to Williamsburg, just so we can stay here again!"

"We picked this place because of the reviews and close to Busch Gardens. It did not disappoint. There was clear signage and we were nicely greeted. All my questions were answered with a smile. We used the pool, park and laundry room and all were clean and well looked after. Many other options on the grounds we did not use but they looked nice. We will be back next time we are in the area. Thanks for the coffee."

"The campground is small, but very cozy. Our site was paved with gravel and it was level. The office is open from 8:00 am to 8:00 pm. Very friendly and helpful staff which made us feel welcome to the campground. Chatting with fellow campers was also most enjoyable. Anvil has easy access from the highway; easy access to each site; has a swimming pool, game room, and play yard for the kids. Additionally, Anvil is pet friendly. A GREAT feature is that it is next to an active train line, which was pure entertainment for us to watch the trains go by (both freight and passenger). The check out process was simple."

"The staff was far and wide the kindest and most attentive of any campground we've been to. We camped as close to the train as possible and to be honest it was actually much quieter than we anticipated and gave the grounds a unique feel. It never woke us up! I absolutely will stay again on our next trip to the area. Thanks guys and gals!"

"We love staying here, for so many reasons it is a small campground, but facilities are clean and well cared for. The staff is extremely courteous, friendly, and helpful. They go above and beyond to ensure that their guests have a fun and relaxing stay. Also, the location is the best if you plan on visiting any of the tourist spots; Old Town Williamsburg, Jamestown Settlement, Busch Gardens, etc."

"The campground is small, but very cozy. Our site was paved with gravel and it was level. The office is open from 8:00 am to 8:00 pm. Very friendly and helpful staff which made us feel welcome to the campground. Chatting with fellow campers was also most enjoyable. Anvil has easy access from the highway; easy access to each site; has a swimming pool, game room, and play yard for the kids. Additionally, Anvil is pet friendly. A GREAT feature is that it is next to an active train line, which was pure entertainment for us to watch the trains go by (both freight and passenger). The check out process was simple."

"Our stay at Anvil Campground was punctuated by a day at Busch Gardens. Even though we stayed only two nights (Apprentice #1 cabin), we couldn't have felt more "at home". From the moment we arrived and were greeted by Brandyn, it was smooth

sailing. She was courteous, helpful, and the consummate hostess. While the sites were fairly close together, as were the cabins, there was ample room to back our Ford F-250 in next to our entrance door. The cabin itself was so welcoming as the AC was already on (the day was 96° when we arrived) and the interior was extremely clean and fresh smelling. Over the course of the weekend we discovered clean, modern restrooms and showers .., a well-maintained pool, plenty of games spread throughout the property (including cornhole and tiki toss, a wonderful playground (complete with kids' zip line), and reliable cell service and WiFi. Oh, and yes, there are working train tracks behind 1/2 of the property. The two nightly trains had both gone through by 11pm so it was very little distraction. It certainly is not something that will deduct from the charm of the campground. Just consider it part of the adventure! To top it all off, Anvil has a WATA bus stop right at their entrance which provides safe, affordable, transportation right to the England entrance of Busch Gardens. All in all, great value, and a very enjoyable time!”

June 17, 2019 - www.tripadvisor.com - "This is a superb campground!"

-5 out of 5 stars

"A family friendly campground, the entire staff are extremely welcoming, personable, and always greet you with a smile! It is amazing to experience for ourselves, and also watch them assist their campers in ANY way possible, to ensure an enjoyable and relaxing camping experience! They go well above and beyond the rest! The staff are knowledgeable about Williamsburg and other surrounding areas, thus making excellent recommendations for activities during your stay. Their location is conveniently located for visiting the Triangle. If you would like a day to experience nature, one place worth mentioning right down the road is Waller Mill Park. Walk, bike, or drive to the park, and enjoy fishing, boating, hiking 3 trails, disc golf, a picnic, and a dog walk! Anvil's owner, Chris Jump, is a forward thinker, always looking for ways to improve and upgrade. He is interested and listens carefully to his campers' comments and recommendations. Anvil has received numerous awards for several years, including many from Trip Advisor. The most recent was the 2018 National RV Park of the Year from the National RV Park Association! In our eyes, that says it all! We congratulate them on their achievements, running a top notch campground, and for celebrating 65 years! We already have a fall reservation, and one next spring as well! We just keep on camping at Anvil! Give it a try. You will not be disappointed!"

"My husband and I took our granddaughter on a motorhome trip, and we stayed a couple of nights at this cute place. She especially loved the beach playground, and the zipline! The bathhouses were very clean, and I used the laundry room to wash clothes, which was also very nice. Wish we could have taken advantage of the camping area behind our RV, because they had a picnic table with an umbrella, and a porch swing, as well as a fire pit, but we were on the go a lot while there. I would definitely recommend it, and would stay there again in the future!"

"This is a delightful little campground, with extraordinarily friendly staff. (Thank you Brandyn!) It is very clean, well organized with the nicest bathrooms and showers I've encountered in a long time. My original intention was to stay just two nights, but I've already amended it to four nights (and probably more). They also offer a Good Sam discount. Yes, there is an Amtrak line nearby, but the trains pass very swiftly without blowing their horn. It has not been a problem for me and the few times the trains do roll by does not reduce the incredible value that Anvil Campground offers."

"The people here were very welcoming, we went in off season but the park but very well kept some of the best bath house facilities we have used so far. Nice size lots. Will definitely go back. Beware there is a train track in back of the park. At first it alarmed us but in no time we got used to it. The train does run around the clock. We thought it was part of its charm. Very close to downtown Williamsburg. We stayed there to go to Newport News to see a concert. It was just a short ride."

"This is probably the best campground I've ever been to! The staff is wonderful, the grounds, buildings and facilities are spotless and even though we were right next to the train tracks it made no difference in our T@G as far as sounds. Highly recommend this campground!"

"We just got home from a weeklong vacation here! My husband works for a top notch campground and we rarely find comparable places, well, we just did! You can definitely see the time, energy and money that is being invested in this place. The customer service was fantastic, from our very first phone call to reserve a site, to check in with Raymond (our dog Tucker really loved getting treats from him), right on down to the morning we had an issue with our truck and David from maintenance saw my husband working on the truck and came right over to offer help and then referred us to a garage that took excellent care of us. We had one of the new premium sites and could not have enjoyed it more. The swing was my favorite part, lol! Heck, we even enjoyed the trains passing by! My daughter would sit and count the cars and engines! We googled to find out where exactly the coal was coming from and going to...pretty cool if you ask us. We also loved the park just down the street; we rode bikes over and rented pedal boats (the three of us spent \$8 for 2 hours entertainment, very affordable), played disc golf and walked the trails in there. This campground is just far enough away from the hustle and bustle, but soo conveniently located to whatever you could possibly need or want. If we are ever back in the area this will definitely be where we stay! :) Thank you so much for a great week!"

"This campground is a little gem right in the middle of all things Williamsburg. Check in was very easy and the staff are the absolute friendliest I've ever encountered in all of my camping travels. Brandyn was the best. She had answers for all of the typical questions a person not familiar with the area would have. The campground is small and quaint, but packed with all kinds of amenities. Dog park/ areas, pool, a little "beach like"/playground area, arcade, basketball, corn hole, etc.....We had a site that was nice and level with gravel and our little "backyard" area had a concrete pad, fire pit, swing and a round picnic table with umbrella. Really beautiful. I was also pleasantly surprised by all of the landscaping and a beautiful water wheel that greets you when you come into the camp store. This campground is both family and pet friendly. They do offer a shuttle to the attractions.... I have read many reviews about the trains and traffic surrounding this campground. Yes, the train tracks are only separated by a wire fence. You will see and hear the trains multiple times a day. I did not find it to be invasive. But that's a matter of perspective. Yes, there is traffic that you hear surrounding the campground, but you are in the heart of what Williamsburg has to offer. Close to everything. That's the sacrifice for being close to it all. It didn't bother my family any. If there was any con for our family about the campground, it was that the camp store closes daily at 7. Even on weekends. Just have to prepare for that, not a deal breaker! All in all, it was pretty great and we will most definitely be back :)"

"We arrived on Saturday, to a great staff for sign in. They were able to put me in a very roomy spot (#10) at the end of the tent row. I couldn't have been happier! Backed the class c into the spot, and got it pretty much leveled up...While it's true the railroad tracks are close (as a rail fan, that counts as a plus) they are rare, and did not disturb our sleep. ... the showers were nice. We are an older couple with no kids, so seeing the number of play areas this place had was nice, as it kept the kids occupied, and out of trouble. The larger sites had nice wooden swings and fire rings. This was my wife's first time in the RV and the trip was a big success, thanks in part to this family oriented campground."

"We live in Newport News and just came over for a one night stay with our grand-daughter (we do three or four local stays each spring/summer) and LOVE your campground! Amazing bathrooms and multiple playgrounds! The campground was so clean and well maintained and even though it's in the middle of town it's very private and restful! We'll be telling all of our friends and family about you!"

"Wonderful RV Park!! Yes trains run by the park but they very rarely blown horns and seem to stop overnight. Great central location for visiting the many historic sites. The staff were super helpful and friendly. And some of the cleanest facilities we have seen in awhile. So as you can say it's a jewel of a small campground"

"We stayed in one of their premium spots in November. It was easy to back in with a nice hook up station. Staff was very friendly and helpful and the grounds spotless. It was November so all the outdoor activities were not in operation but we'll be back in the warmer weather to give the pool a try. It was a short ride to Colonial Williamsburg and Bush Gardens. We bought a one year pass for Williamsburg so we will be back and stay here again. There are railroad tracks that run behind the Campground. When the train passes it is a bit loud but not loud enough to bother us at night. We continued on to Myrtle Beach from here so it's a great stopover for us. On our way home we stopped here for an overnight stay, which is now December with snow and cold. All the utilities worked fine however we had trouble with a leveler retracting. The staff tried to help us and allowed to stay passed checkout time until we could get on the road. Great folks!"

"Friendly Hosts: This was a great little park to make our base to visit the Historic Triangle, it's definitely central to Williamsburg and surrounds. The 3rd generation owner Raymond and his team are so welcoming and friendly, happy to chat and provide information. The free coffee in the morning was a nice touch. We were still winterized so we made full use of the bathroom facilities; all clean, warm with nice hot water..."
